

Award winning foreign exchange and international payment solutions for Business

At Black Country Chamber of Commerce we understand the risks associated with international trade and volatile exchange rates.

We have partnered with Halo Financial to help provide a better way for the most globally active and ambitious companies to transfer money across borders.

By applying bespoke currency solutions they will protect revenues and profit margins, helping your business trade successfully across borders, and grow with confidence.

Grow together

To learn more about how Halo Financial can help your business mitigate currency risk and transfer money across borders, contact the team today.
